### **MANAGEMENT INFORMATION CIRCULAR**

(Containing information as at August 8, 2025, unless otherwise stated)

#### **SOLICITATION OF PROXIES**

This management information circular (“**Information Circular**”) is furnished in connection with the solicitation of proxies by the management of Salazar Resources Limited (the “**Company**”) for use at the Annual General Meeting of Shareholders of the Company (and any adjournment thereof) to be held on September 12, 2025 (the “**Meeting**”) at the time and place and for the purposes set forth in the accompanying Notice of Annual General Meeting. While it is expected that the solicitation will be primarily by mail, proxies may be solicited personally or by telephone by the directors, officers and regular employees of the Company at nominal cost. All costs of solicitation by management will be borne by the Company.

The contents and the sending of this Information Circular have been approved by the directors of the Company.

#### **APPOINTMENT OF PROXYHOLDER**

The individuals named in the accompanying form of proxy are directors and/or officers (“**Management’s Nominees**”) of the Company. **A SHAREHOLDER WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO REPRESENT HIM, HER OR IT AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY STRIKING OUT THE NAMES OF THOSE PERSONS NAMED IN THE ACCOMPANYING FORM OF PROXY AND INSERTING THE DESIRED PERSON’S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY OR BY COMPLETING ANOTHER FORM OF PROXY. A proxy will not be valid unless the completed form of proxy is received by Computershare Investor Services Inc. (the “Transfer Agent”), Proxy Department, 9<sup>th</sup> Floor, 100 University Avenue, Toronto, Ontario, M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting, or any adjournment thereof. Proxies delivered after that time will not be accepted.**

#### **REVOCATION OF PROXIES**

A shareholder who has given a proxy may revoke it by an instrument in writing executed by the shareholder or by his attorney duly authorized in writing or, where the shareholder is a company, by a duly authorized officer or attorney of the company, and delivered to the head office of the Company located at Suite 1305, 1090 West Georgia Street, Vancouver, British Columbia V6E 3V7 (Attention: Corporate Secretary), at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chairman of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

#### **INFORMATION FOR NON-REGISTERED SHAREHOLDERS**

**Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are “non-registered” shareholders because the common shares of the Company (“Common Shares”) they own are not registered in their names but are instead registered in the names of a brokerage firm, bank or other intermediary or in the name of a clearing agency. Shareholders who do not hold their Common Shares in their own name (referred to herein as “Beneficial Shareholders”) should note that only registered shareholders may vote at the Meeting. If Common Shares are listed in an account statement provided to a shareholder by a broker, then in almost all cases those Common Shares will not be registered in such shareholder’s name on the records of the Company. Such Common Shares will more likely be registered under the name of the shareholder’s broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for CDS Clearing and Depository Services Inc., which company acts as nominee for many Canadian brokerage firms). Common Shares held by brokers (or their agents or nominees) on behalf of a broker’s client**

can only be voted (for or against resolutions) at the direction of the Beneficial Shareholder. Without specific instructions, brokers and their agents and nominees are prohibited from voting shares for the brokers' clients. **Therefore, each Beneficial Shareholder should ensure that voting instructions are communicated to the appropriate person well in advance of the Meeting.**

Existing regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. The various brokers and other intermediaries have their own mailing procedures and provide their own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often the form of proxy supplied to a Beneficial Shareholder by its broker is identical to the form of proxy provided by the Company to the registered shareholders. However, its purpose is limited to instructing the registered shareholder (i.e. the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). Broadridge typically prepares a machine-readable voting instruction form, mails those forms to the Beneficial Shareholders and asks Beneficial Shareholders to return the forms to Broadridge, or otherwise communicate voting instructions to Broadridge (by way of the internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder who receives a Broadridge voting instruction form cannot use that form to vote Common Shares directly at the Meeting. The voting instruction form must be returned to Broadridge (or instructions respecting the voting of Common Shares must be communicated to Broadridge) well in advance of the Meeting in order to have the Common Shares voted.**

This Information Circular and accompanying materials are being sent to both registered shareholders and Beneficial Shareholders. Beneficial Shareholders fall into two categories – those who object to their identity being known to the issuers of securities which they own ("**OBOs**") and those who do not object to their identity being made known to the issuers of the securities they own ("**NOBOs**"). Subject to the provision of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* ("**NI 54-101**") issuers may request and obtain a list of their NOBOs from intermediaries via their transfer agents. Pursuant to NI 54-101, issuers may obtain and use the NOBO list for distribution of proxy-related materials directly (not via Broadridge) to such NOBOs.

The Company will not be distributing proxy-related materials directly to NOBOs, so all Beneficial Shareholders can expect to be contacted by Broadridge or their brokers or their broker's agents as set out above.

The Company is not sending its proxy-related materials to the registered shareholders or Beneficial Shareholders using "notice and access", as defined in NI 54-101.

The Company does not intend to pay for intermediaries to deliver the proxy-related materials and Form 54-101F7 to OBOs, as defined under NI 54-101. As a result, OBOs will not receive the Meeting materials unless the OBOs intermediary assumes the costs of delivery.

Although Beneficial Shareholders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his broker, a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. **Beneficial Shareholders who wish to attend the Meeting and indirectly vote their Common Shares as proxyholder for the registered shareholder should enter their own names in the blank space on the proxy provided to them and return the same to their broker (or the broker's agent) in accordance with the instructions provided by such broker.**

All references to shareholders in this Information Circular and the accompanying form of Proxy and Notice of Annual General Meeting are to shareholders of record unless specifically stated otherwise.

## **VOTING OF PROXIES**

The shares represented by a properly executed proxy in favour of Management's Nominees as proxyholders in the accompanying form of proxy will:

- (a) be voted or withheld from voting in accordance with the instructions of the person appointing the proxyholder on any ballot that may be taken; and

- (b) where a choice with respect to any matter to be acted upon has been specified in the form of proxy, be voted in accordance with the specification made in such proxy.

ON A POLL, SUCH SHARES WILL BE VOTED AS **DIRECTED BY MANAGEMENT OF THE COMPANY** FOR EACH MATTER FOR WHICH NO CHOICE HAS BEEN SPECIFIED, OR WHERE BOTH CHOICES HAVE BEEN SPECIFIED, BY THE SHAREHOLDER.

The enclosed form of proxy when properly completed and delivered and not revoked confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. If any amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the persons designated in the enclosed form of proxy to vote in accordance with their best judgment on such matters or business. At the time of the printing of this Information Circular, the management of the Company knows of no such amendment, variation or other matter that may be presented to the Meeting.

#### **INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED UPON**

Except as disclosed herein, no person who has been a director or executive officer of the Company at any time since the beginning of the last financial year, nor any proposed nominee for election as a director of the Company, nor any associate or affiliate of any of the foregoing, has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon other than the election of directors, and the appointment of auditors. Directors and executive officers may be interested in the approval of the Stock Option Plan as detailed below. See “*Particulars of Matters to be Acted Upon – Ratification of Stock Option Plan*”.

#### **VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES**

The authorized capital of the Company consists of an unlimited number of Common Shares without par value. As at August 8, 2025 (the “**Record Date**”), the Company had 248,859,254 Common Shares issued and outstanding.

Only shareholders of record at the close of business on the Record Date who either personally attend the Meeting or who have completed and delivered a form of proxy in the manner and subject to the provisions described above shall be entitled to vote or to have their shares voted at the Meeting.

On a show of hands, every individual who is present and is entitled to vote as a shareholder or as a representative of one or more corporate shareholders will have one vote, and on a poll every shareholder present in person or represented by a proxy and every person who is a representative of one or more corporate shareholders, will have one vote for each Common Share registered in that shareholder’s name on the list of shareholders as at the Record Date, which is available for inspection during normal business hours at the Transfer Agent and will be available at the Meeting. **Shareholders represented by proxy holders are not entitled to vote on a show of hands.**

## Stock Option Plans and Other Incentive Plans

### A. 10% Rolling Stock Option Plan

The Company has in place a 10% rolling stock option plan (the “**Option Plan**”) whereby the maximum number of Common Shares that may be reserved for issuance pursuant to such plan will not exceed 10% of the issued shares of the Company at the time of the stock option grant.

In accordance with the policies of the TSX Venture Exchange (the “**Exchange**”) "rolling" plans require shareholder approval on an annual basis. At the Meeting, shareholders will be asked to approve the annual renewal of the Option Plan. For a description of the Option Plan, see “*Particulars of Other Matters to be Acted Upon – Ratification of Stock Option Plan*”.

### B. Fixed Restricted Share Unit Plan

In addition to the above Option Plan, the Company has in place a fixed restricted share unit plan (the “**RSU Plan**”). The RSU Plan described below was adopted by the Company on August 27, 2020, as amended on December 6, 2022, and approved by the shareholders at the annual and special meeting held on February 17, 2023.

Restricted share units (“**RSUs**”) granted under the RSU Plan will rise and fall in value based on the value of the Common Shares. Unlike Options, RSUs will not require the payment of any monetary consideration to the Company. Instead, each RSU represents a right to receive one Common Share following the attainment of vesting criteria determined at the time of the award.

The RSU Plan is a fixed plan pursuant to which the number of Common Shares that may be issued pursuant to RSUs granted under the RSU Plan is fixed at 2,000,000; provided, however, that the total number of Common Shares which may be issued pursuant to RSUs and Options granted under the Option Plan is a maximum of 10% of the issued and outstanding Common Shares at the time of grant. No RSUs were granted during the Company’s last completed financial year ended March 31, 2025. As of the date of this Information Circular a total of 763,000 RSUs were outstanding.

The following information is intended to be a brief description of the material terms of the RSU Plan and is qualified in its entirety by the full text of the RSU Plan, a copy of which was attached as Schedule “C” to the Information Circular filed on SEDAR+ on January 27, 2023.

- (a) Eligible Persons: The Board of Directors or a committee delegated by the Board of Directors under the RSU Plan (the “**Committee**”) may grant RSUs to directors, officers, employees or consultants (excluding investor relations service providers) of the Company or a subsidiary of the Company (the “**Participants**”) provided that the Board, together with such individuals or companies, are responsible for ensuring and confirming that such person is a bona fide Participant.

- (b) Fixed Plan: The RSU Plan is a fixed plan, such that the aggregate number of Common Shares that may be issued pursuant to the RSU Plan shall not exceed 2,000,000 Common Shares, subject to the number of Common Shares reserved for issuance under the Option Plan and the RSU Plan being no greater than 10% of the Company's issued and outstanding Common Shares at any time.
- (c) Vesting: Each RSU will vest in such manner as determined by the Board of Directors or the Committee at the time of grant.
- (d) Settlement of RSUs: On the vesting date, the Company at its sole and absolute discretion have the option of settling the RSUs in cash (if applicable), Common Shares acquired by the Company on the Exchange or Common Shares to be issued from the treasury of the Company.
- (e) Limitations: The RSU Plan includes the following additional limitations: (i) investor relations service providers may not receive any RSUs pursuant to the RSU Plan; (ii) the maximum aggregate number of Shares reserved for issuance to any one Participant retained as a Consultant to provide services to any of the entities comprising the Salazar Group under all Security Based Compensation Arrangements in any 12 month period shall not exceed 2% of the issued and outstanding Shares, calculated as at the date of grant or issue to the Consultant; (iii) unless the Company has received disinterested shareholder approval to do so, the number of Common Shares reserved for issuance to any one Participant under all security based compensation arrangements (including the Company's Option Plan) in any 12 month period will not exceed 5% of the issued and outstanding Common Shares; (iv) unless the Company has received disinterested shareholder approval to do so, the number of Common Shares issuable to insiders (as a group), at any time, under all security based compensation arrangements (including the Company's Option Plan), shall not exceed 10% of the issued and outstanding Common Shares; and (v) unless the Company has received disinterested shareholder approval to do so the number of Common Shares issued to insiders (as a group), within any one year period, under all security based compensation arrangements (including the Company's Option Plan), shall not exceed 10% of the issued and outstanding Common Shares.
- (f) Ceasing to be a director, officer, employee or consultant: The RSU Plan provides that that if a Participant shall cease to be a director or officer of or be in the employ of, or a consultant or other Participant to, the Company or a subsidiary for any reason whatsoever including, without limitation, retirement, resignation or involuntary termination (with or without cause), as determined by the Board of Directors in its sole discretion, before all of the awards respecting RSUs credited to the Participant's account have vested or are forfeited pursuant to any other provision hereof, (i) such Participant shall cease to be a Participant as of the forfeiture date, (ii) the former Participant shall forfeit all unvested awards respecting RSUs credited to the Participant's account effective as at the forfeiture date, (iii) any award value corresponding to any vested RSUs remaining unpaid as of the forfeiture date shall be paid to the former Participant and (iv) the former Participant shall not be entitled to any further payment from the RSU Plan.
- (g) Change of control: In the event of a Change of Control (as defined in the RSU Plan), the Board or the Committee shall have absolute discretion to determine if all issued and outstanding RSUs shall vest (whether or not then vested) upon the Change of Control and the vesting date shall be the date which is immediately prior to the time such Change of Control takes place, or at such earlier time as may be established by the Board of Directors or the Committee, in its absolute discretion, prior to the time such Change of Control takes place.
- (h) Transferability: Except as required by law, the rights of a Participant under the RSU Plan are not capable of being assigned, transferred, alienated, sold, encumbered, pledged, mortgaged or charged and are not capable of being subject to attachment or legal process for the payment of any debts or obligations of the Participant.
- (i) Amendments: The Board of Directors may amend the RSU Plan in any way, or discontinue the RSU Plan altogether, and may amend, in any way, any RSU granted under the RSU Plan at any time without the consent of a Participant, provided that such amendment shall not adversely alter or impair any RSU previously granted under the RSU Plan or any related RSU agreement, except as otherwise permitted under the RSU Plan. In addition, the Board of Directors may, by resolution, make any amendment to the RSU Plan or any RSU granted under it (together with any related RSU agreement) without shareholder approval, provided however, that the Board will not be entitled to amend the RSU Plan or any RSU granted under it without shareholder (disinterested

shareholder approval if applicable) and, if applicable, Exchange approval, in order to: (i) increase the maximum number of Common Shares issuable pursuant to the RSU Plan; (ii) cancel an RSU and subsequently issue to the holder of such RSU a new RSU in replacement thereof; (iii) extend the term of an RSU, but not beyond the Expiry Date; (iv) permit the assignment or transfer of an RSU other than as provided for in the RSU Plan; (v) add to the categories of persons eligible to participate in the RSU Plan; or (viii) in any other circumstances where Exchange and shareholder approval is required by the Exchange. Any renewal of the RSU Plan will be subject to disinterested shareholder approval, and Exchange approval as applicable.

- (j) Any adjustment, other than in connection with a share consolidation or share split, to RSUs granted or issued under the RSU Plan are subject to the prior acceptance of the Exchange, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.
- (k) Where a vesting date occurs on a date when a Participant is subject to a black-out period, such vesting date shall be extended to a date which is within (10) ten business days following the end of such black-out period, and further provided that (i) if any such extension would cause the vesting date or vesting dates to extend beyond the expiry date, the amounts to be paid on such vesting date or vesting dates shall be paid on the expiry date notwithstanding the black-out period, and (ii) if a forfeiture date occurs in respect of a Participant after the original vesting date then any unvested RSUs credited to the Participant's account effective as of the forfeiture date that would have vested as of the original vesting date but for the black-out period, shall be deemed to have vested immediately prior to the forfeiture date, but, subject to subparagraph (i), the award value of any such-vested RSUs shall be determined as of the vesting date as so extended by the provisions above, and any payment thereof shall be made only after such determination. The automatic extension of a vesting date pursuant to this subparagraph (j) is available to all eligible RSU holders under the RSU Plan under the same terms and conditions, provided however, that such automatic extension will not be permitted where the RSU holder or the Company is subject to a cease trade order (or similar order under securities laws) in respect of the Company's securities.
- (l) Disinterested shareholder approval is required for any extension of the term of an RSU, if the RSU holder is an Insider of the Company at the time of the proposed amendment.

### **Employment, Consulting and Management Agreements**

Management services are provided to the Company by Chase of Suite 1305, 1090 West Georgia Street, Vancouver, BC V6E 3V7 pursuant to an arrangement with the Company on a month-to-month basis. Chase is a corporation controlled by Nick DeMare, a director of the Company. During the year ended March 31, 2025, a total of \$92,390 was billed by Chase, as to \$73,258 in accounting, management and administration services provided by Chase personnel and \$19,132 for Mr. DeMare's services. The amounts have been recorded at the exchange amounts agreed to by Chase and the Company.

### **Oversight and Description of Director and NEO Compensation**

#### *Compensation, Philosophy and Objectives*

The Board meets to discuss and determine management compensation, without reference to formal objectives, criteria or analysis. The general objectives of the Company's compensation strategy are to (a) compensate management in a manner that encourages and rewards a high level of performance and outstanding results with a view to increasing long-term shareholder value; (b) align management's interests with the long-term interests of shareholders; and (c) ensure that the total compensation package is designed in a manner that takes into account the constraints that the Company is under by virtue of the fact that it is a junior mineral exploration company without a history of earnings.

The Board, as a whole, ensures that total compensation paid to all Named Executive Officers (or NEOs), as hereinafter defined, is fair and reasonable. The Board, as a whole, recommends levels of executive compensation that are competitive, motivating and commensurate with the time spent by executive officers in meeting their obligations. While the Board does not have direct experience related to executive compensation, the Board relies on their experience as officers and directors with other junior mining companies in assessing compensation levels.

### *Analysis of Elements*

Base salary is used to provide the Named Executive Officers a set amount of money during the year with the expectation that each Named Executive Officer will perform his responsibilities to the best of his ability and in the best interests of the Company.

The Company considers the granting of incentive stock options to be a significant component of executive compensation as it allows the Company to reward each NEO's efforts to increase value for shareholders without requiring the Company to use cash from its treasury. Stock options are generally awarded to executive officers at the commencement of employment and periodically thereafter. The terms and conditions of the Company's stock option grants, including vesting provisions and exercise prices, are governed by the terms of the Company's Option Plan. A description of the significant terms of the Option Plan is found under the heading "*Particulars of Other Matters to be Acted Upon - Ratification of Stock Option Plan*".

The Company does not determine executive compensation based on the share price performance. Overall the salaries or consulting fees payable to the NEOs, in particular to the Company's CEO, have had a minor upward trend in order to provide competitive levels of compensation necessary to attract and maintain executive talent.

The Board has considered the implications of the risks associated with the Company's compensation practices. The Board acknowledges that the Company, as a junior natural resource company, does not presently generate any revenues, and that all management compensation to date has been derived solely from cash in the Company's treasury, acquired by way of equity financings to date, and the grant of incentive stock options to directors, management, contractors and employees. Salary compensation to the Named Executive Officers is provided for under verbal understandings or written consulting agreements with the Named Executive Officers or management companies under their control. Upon the occurrence of certain events, the Company's early termination of these contracts may also trigger additional balloon payments, which could adversely impact the Company's working capital.

### *Option-based Awards*

As described above, the Company has in place an Option Plan. The Company's directors, employees, officers and certain consultants are entitled to participate in the Option Plan. The Option Plan is designed to encourage share ownership and entrepreneurship on the part of the senior management and other employees. The Board believes that the Option Plan aligns the interests of the NEOs and the Board with shareholders by linking a component of executive compensation to the longer term performance of the Company's common shares.

Options are granted by the Board. In monitoring or adjusting the option allotments, the Board takes into account its own observations on individual performance (where possible) and its assessment of individual contribution to shareholder value, previous option grants and the objectives set for the NEOs and the Board. The scale of options is generally commensurate to the appropriate level of base compensation for each level of responsibility.

In addition to determining the number of options to be granted pursuant to the methodology outlined above, the Board also makes the following determinations:

- parties who are entitled to participate in the Option Plan;
- the exercise price for each stock option granted, subject to the provision that the exercise price cannot be lower than the prescribed discount permitted by the Exchange from the market price on the date of grant;
- the date on which each option is granted;
- the vesting period, if any, for each stock option;
- the other material terms and conditions of each stock option grant; and
- any re-pricing or amendment to a stock option grant.

The Board makes these determinations subject to and in accordance with the provisions of the Option Plan. The Board reviews and approves grants of options on an annual basis and periodically during a financial year.

#### *Restricted Share Units*

The RSU Plan provides for granting of RSUs for the purposes of advancing the interests of the Company through motivation, attraction and retention of employees, officers, consultants and directors by granting equity-based compensation incentives, in addition to the Company's Option Plan.

RSUs granted pursuant to the RSU Plan will be used to compensate RSU Participants for their individual performance based achievements and are intended to supplement stock option awards in this respect, the goal of such grants is to more closely tie awards to individual performance based on established performance criteria. See "Stock Option Plans and Other incentive Plans – Fixed Restricted Share Unit Plan".

As of the date of this Circular, there are 763,000 RSUs awarded under the RSU Plan to directors, officers, employees and consultants of the Company. See "Stock Option Plans and Other Incentive Plans".

#### *Directors*

Each director of the Company is paid a stipend fee of US\$750 monthly, and if a director performs other services for the Company on an ad hoc basis upon request, they are able to render an invoice for the time spent on such services. The Company has no other standard arrangement pursuant to which Directors are compensated by the Company for their services in their capacity as Directors other than the unissued treasury Common Shares that may be issued upon the exercise of the Directors' Stock Options and RSUs. There has been no other arrangement pursuant to which Directors were compensated by the Company in their capacity as Directors except as disclosed herein or disclosed in the Company financial statements and management discussion and analysis.

In addition, all directors are entitled to be reimbursed for reasonable expenses incurred on behalf of the Company. In addition, all non-management directors are entitled to be reimbursed for transportation and other out-of-pocket expenses incurred for attendance at meetings of the board of directors and in connection with discharging their director functions. In addition, each director is eligible to receive stock options pursuant to the Option Plan and RSUs pursuant to the RSU Plan.

There is no restriction on NEOs or Directors regarding the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars or units or exchange funds that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly by the NEO or Director for the financial year ended March 31, 2025.

No NEO or Director, directly or indirectly, purchased any financial instruments or employed a strategy to hedge or offset a decrease in market value of equity securities granted as compensation or held.

#### **Pension**

The Company does not have any form of pension plan that provides for payments or benefits to the NEOs at, following, or in connection with retirement. The Company does not have any form of deferred compensation plan.

- (6) For the year ended December 31, 2023.

### Exemption

The Company is currently a "Venture Issuer", as defined in Section 1.1 of NI 52-110. Accordingly, in providing the disclosure contained in this section titled "Audit Committee", the Company is relying upon the exemption in Section 6.1 of NI 52-110 (which is available to all Venture Issuers).

### CORPORATE GOVERNANCE PRACTICE

National Instrument 58-101, *Disclosure of Corporate Governance Practices* ("NI 58-101") requires issuers to disclose their governance practices in accordance with that instrument. The Company is a "venture issuer" within the meaning of NI 58-101.

The Board has adopted certain corporate governance policies to reflect the Company's commitment to good corporate governance, and to comply with NI 58-101, Form 58-101F2 - *Corporate Governance Disclosure (Venture Issuers)* and National Policy 58-201 - *Corporate Governance Guidelines*. The Board periodically reviews these policies and proposes modifications to the Board for consideration as appropriate. The Company considers good corporate governance to be central to the effective and efficient management and operation of the Company, and the Board is directly responsible for developing the Company's approach to corporate governance issues. A discussion of the Company's governance practices within the context of NI 58-101 is set out below.

### Statement of Corporate Governance Practices

Corporate governance relates to the activities of the Board, the members of which are elected by and are accountable to the shareholders, and takes into account the role of the individual members of management who are appointed by the Board and who are charged with the day-to-day management of the Company. The Board is committed to sound corporate governance practices which are both in the interest of its shareholders and contribute to effective and efficient decision making. National Policy 58-201 *Corporate Governance Guidelines* establishes corporate governance guidelines which apply to all public companies. The Company has reviewed its own corporate governance practices in light of these guidelines. In certain cases, the Company's practices comply with the guidelines, however, the Board considers that some of the guidelines are not suitable for the Company at its current stage of development and therefore these guidelines have not been adopted. National Instrument 58-101 *Disclosure of Corporate Governance Practices* mandates disclosure of corporate governance practices for Venture Issuers in Form 58-101F2, which disclosure is set out below.

## Board of Directors

### *Structure and Compensation*

The Board is currently composed of five directors, and all five of whom are proposed nominees for re-election as director at the Meeting.

Form 58-101F1 suggests that the board of directors of every listed corporation should be constituted with a majority of individuals who qualify as “independent” directors under National Instrument 52-110 (“**NI 52-110**”), which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. “Material relationship” is defined as a relationship which could, in the view of the Company’s board of directors, be reasonably expected to interfere with the exercise of a director’s independent judgment. Of the proposed nominees, two (2), Fredy Salazar, President and Chief Executive Officer, and Pablo Acosta, Chief Financial Officer, are “inside” or management directors, and accordingly are considered not “independent”. Nick DeMare, Merlin Marr-Johnson and Jennifer Wu are considered by the Board to be “independent”, within the meaning of NI 52-110.

In assessing Form 58-101F2 and making the foregoing determinations, the circumstances of each director have been examined in relation to a number of factors.

The Board does not currently have a Chair. The independent directors exercise their responsibilities for independent oversight of management and are provided with leadership through their position on the Board and ability to meet independently of management whenever deemed necessary.

The quantity and quality of the Board compensation is reviewed on an annual basis. At present, the Board is satisfied that the current Board compensation arrangements, which currently only includes a stipend fee of US\$750 monthly to each director and incentive stock options, adequately reflect the responsibilities and risks involved in being an effective director of the Company. In addition, all directors are entitled to be reimbursed for reasonable expenses incurred on behalf of the Company, and if a director performs other services for the Company on an ad hoc basis upon request, they are able to render an invoice for the time spent on such services. The number of options to be granted is determined by the Board as a whole, thereby providing the independent directors with significant input into compensation decisions. At this time the Company does not believe its size and limited scope of operations requires a formal compensation committee.

### **Directorships**

## **Mandate of the Board**

The mandate of the Board is to manage or supervise the management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company's affairs directly and through the Audit Committee. In fulfilling its mandate, the Board, among other matters, is responsible for reviewing and approving the Company's overall business strategies and its annual business plan, reviewing and approving the annual corporate budget and forecast, reviewing and approving significant capital investments outside the approved budget; reviewing major strategic initiatives to ensure that the Company's proposed actions accord with shareholder objectives; reviewing succession planning; assessing management's performance against approved business plans and industry standards; reviewing and approving the reports and other disclosure issued to shareholders; ensuring the effective operation of the Board; and safeguarding shareholders' equity interests through the optimum utilization of the Company's capital resources. The Board also takes responsibility for identifying the principal risks of the Company's business and for ensuring these risks are effectively monitored and mitigated to the extent reasonably practicable. At this stage of the Company's development, the Board does not believe it is necessary to adopt a written mandate, as sufficient guidance is found in the applicable corporate legislation and regulatory policies. However, as the Company grows, the Board will move to develop a formal written mandate.

In keeping with its overall responsibility for the stewardship of the Company, the Board is responsible for the integrity of the Company's internal control and management information systems and for the Company's policies respecting corporate disclosure and communications.

Each member of the Board understands that he is entitled to seek the advice of an independent expert if he reasonably considers it warranted under the circumstances.

The positions of President and Chief Executive Officer are combined. The Board believes the Company is well serviced and the independence of the Board from management is not compromised by the combined role. The Board does not, and does not consider it necessary to, have any formal structures or procedures in place to ensure that the Board can function independently of management. The Board believes that its current composition, in which only two (2) of five (5) are members of management, is sufficient to ensure that the Board can function independently of management.

## **Nomination and Assessment**

The Board determines new nominees to the Board, although a formal process has not been adopted. The nominees are generally the result of recruitment efforts by the Board members, including both formal and informal discussions among Board members and the President and Chief Executive Officer. The Board monitors but does not formally assess the performance of individual Board members or committee members or their contributions.

The Board does not, at present, have a formal process in place for assessing the effectiveness of the Board as a whole, its committees or individual directors, but will consider implementing one in the future should circumstances warrant. Based on the Company's size, its stage of development and the limited number of individuals on the Board, the Board considers a formal assessment process to be inappropriate at this time. The Board plans to continue evaluating its own effectiveness on an ad hoc basis. The current size of the Board is such that the entire Board takes responsibility for selecting new directors and assessing current directors. Proposed directors' credentials are reviewed in advance of a Board Meeting with one or more members of the Board prior to the proposed director's nomination.

New directors are briefed on strategic plans, short, medium and long term corporate objectives, business risks and mitigation strategies, corporate governance guidelines and existing corporation policies. However, there is no formal orientation for new members of the Board, and this is considered to be appropriate, given the Company's size and current limited operations.

The skills and knowledge of the Board of Directors as a whole is such that no formal continuing education process is currently deemed required. The Board is comprised of individuals with varying backgrounds, who have, both collectively and individually, extensive experience in running and managing public companies in the natural resource sector. Board members are encouraged to communicate with management, auditors and technical consultants to keep themselves current with industry trends and developments and changes in legislation, with management's assistance. Board members have full access to the Company's records. Reference is made to the table under the heading "Election of Directors" in the Information Circular for a description of the current principal occupations of the Company's Board.

## **Expectations of Management and Ethical Business Conduct**

The Board expects management to operate the business of the Company in a manner that enhances shareholder value and is consistent with the highest level of integrity. Management is expected to execute the Company's business plan and to meet performance goals and objectives. To date, the Board has not adopted a formal written Code of Business Conduct and Ethics. However, the current limited size of the Company's operations and the small number of officers and employees allow the independent members of the Board to monitor on an ongoing basis the activities of management and to ensure that the highest standard of ethical conduct is maintained. As the Company grows in size and scope, the Board anticipates that it will formulate and implement a formal Code of Business Conduct and Ethics.

## **Committee Responsibilities and Activities**

Committees of the Board are an integral part of the Company's governance structure. At the present time, the only standing committee is the Audit Committee. Disclosure with respect to the Audit Committee, as required by NI 52-110 – Audit Committee, is contained in Schedule "A" to this Information Circular. As the Company grows, and its operations and management structure become more complex, the Board will likely find it appropriate to constitute formal standing committees, such as a Corporate Governance Committee, Compensation Committee and Nominating Committee, and to ensure that such committees are governed by written charters and are composed of at least a majority of independent directors.

## **PARTICULARS OF OTHER MATTERS TO BE ACTED UPON**

### **Ratification of Stock Option Plan**

At the Meeting, shareholders will be asked to ratify the Company's 10% rolling Option Plan adopted on September 25, 2014, as amended January 12, 2023, whereby the maximum number of Common Shares that may be reserved for issuance pursuant to such plan, together with the number of Common Shares issuable at any time under all other security based compensation arrangements, will not exceed 10% of the issued Common Shares of the Company at the time of the stock option grant. The Option Plan was last approved by the shareholders on June 19, 2024 and by the Exchange on June 26, 2024. In accordance with the policies of the Exchange, rolling stock option plans require shareholder approval on an annual basis.

The purpose of the Option Plan is to provide the Company with a share-related mechanism to attract, retain and motivate qualified Executives, Employees and Consultants, to incent such individuals to contribute toward the long term goals of the Company, and to encourage such individuals to acquire Common Shares of the Company as long term investments. The Option Plan is subject to approval by the shareholders and to the final acceptance of the Exchange.

A summary of certain provisions of the Option Plan is set out below, and a full copy of the Option Plan was filed on SEDAR+ on January 27, 2023 as Schedule "B" to the Company's Information Circular dated January 12, 2023. This summary is qualified in its entirety to the full copy of the Option Plan.

The following is a brief description of the Option Plan:

- (a) To be eligible for the issuance of a stock option under the Option Plan an optionee must either be a director, employee (including an officer) or consultant of the Company or any subsidiary of the Company or a company owned by an employee, director or consultant at the time the option is granted. Options may be granted only to an individual or to a company that is owned by individuals eligible for an option grant.
- (b) The options granted pursuant to the Option Plan will be exercisable at a price which is not lower than the market value of the Company's Common Shares at the time the option is granted less any applicable discounts permitted by the applicable regulatory authorities. "Market Value" will be the closing trading price of the Company's Common Shares on the Exchange or such other stock exchange upon which the Common Shares are listed on the trading day immediately preceding the date of the grant of the option.
- (c) Options granted under the Option Plan will be granted for a term not to exceed ten years from the date of their grant. All options will terminate on the earlier of the expiry of their term and the date of termination of an option

holder's employment, engagement or position with the Company if terminated for just cause or on other bases as set out in the Option Plan, otherwise 90 days following termination of employment or cessation of the option holder's position with the Company.

- (d) The Company's Board may, at their discretion, impose vesting provisions on Options granted under the Option Plan. Notwithstanding any vesting schedule to which Options are subject, Options shall cease to vest immediately if the employment or engagement of an Option Holder as an Employee or Consultant or the position of an Option Holder as a director or officer of the Company or a Subsidiary is terminated for any reason whatsoever. In which case, the Option Holder may only exercise such number of Options that are vested as at the date of termination of such Option Holder's employment, engagement or appointment as a director or officer.
- (e) Options will also be non-assignable and non-transferable; provided that they will be exercisable by an option holder's legal heirs or personal representatives, subject to the expiry date of such option, for up to 12 months following the death or termination of an option holder due to disability, and up to 12 months following the death of an option holder terminated for disability within the previous 12 months.
- (f) The maximum aggregate number of Common Shares that are issuable to insiders (as a group) pursuant to the exercise of Options and pursuant to any other security based compensation arrangement must not exceed 10% of the Outstanding Issue at any point in time, unless the Company has obtained Disinterested Shareholder Approval.
- (g) The maximum aggregate number of Common Shares that are issuable pursuant to the exercise of Options and pursuant to any other security based compensation arrangement granted or issued in any 12 month period to Insiders (as a group) must not exceed 10% of the Outstanding Issue, calculated as at the date any Options are granted or issued to any Insider (including any Options which are granted and exercised within that 12 month period), unless the Company has obtained Disinterested Shareholder Approval.
- (h) The number of Common Shares of the Company reserved for issuance to any one person on a yearly basis cannot exceed 5% of the number of issued and outstanding Common Shares of the Company at the time of the grant of Options, unless the Company has obtained disinterested shareholder approval as required by the Exchange. The aggregate number of options granted to employees or consultants engaged in investor relations activities must not exceed 2% of the outstanding issue in any 12 month period and such options must vest in stages over 12 months with no more than 25% of the options vesting in any three month period.
- (i) Investor relations service providers may not receive any security based compensation other than Options.
- (j) There shall be no acceleration of the vesting requirements applicable to Options granted to investor relations service providers without the prior written approval of the Exchange.
- (k) Options held by investor relations service providers may not be exercised on a "net exercise" basis.
- (l) In the event that the expiration date of Options granted under the Option Plan falls in a period during which the Company has imposed a restriction on its directors, officers, employees and consultants from trading in securities of the Company, the expiry date of such Options will be extended for a period of time ending on the tenth business day after the expiry of the Black-Out to provide such Option holders with an extension to the right to exercise such Options, so long as the expiry date does not exceed ten years from the date of grant of such Options. In addition, the automatic extension of an Option holder's Option will not be permitted where the Option holder or the Company is subject to a cease trade order (or similar order under Securities Laws) in respect of the Company's securities, and the automatic extension is available to all eligible Option holders under the Option Plan under the same terms and conditions.
- (m) If a material alteration in the capital structure of the Company occurs as a result of a consolidation, subdivision, conversion, exchange, reclassification or otherwise, the Board shall make adjustments to the Option Plan and to the options then outstanding under it as the Board determines to be appropriate and equitable under the circumstances, unless the Board determines that it is not practicable or feasible to do so, in which event the options granted under the Option Plan will terminate as set forth above.

- (n) Any adjustment, other than in connection with a share consolidation or share split, to Options granted or issued under the Option Plan are subject to the prior acceptance of the Exchange, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.
- (o) The Board may amend the terms of the Option Plan or the terms and conditions of any option thereafter to be granted, subject to approval of any stock exchange on which the Company is listed, provided that where such amendment relates to an existing option and it would materially decrease the rights or benefits accruing to an option holder or materially increase the obligations of an option holder, then, unless otherwise excepted out by a provision of the Option Plan, the Board must also obtain the written consent of the option holder in question to such amendment. If at the time the exercise price of an option is reduced the option holder is an insider of the Company, the insider must not exercise the option at the reduced exercise price until the reduction in exercise price has been approved by the disinterested shareholders of the Company.

At the Meeting, the shareholders of the Company will be asked to consider and approve an ordinary resolution, in substantially the following form, in order to ratify and approve the Option Plan, which resolution requires approval of greater than 50% of the votes cast by the shareholders who, being entitled to do so, vote, in person or by proxy, on the ordinary resolution at the Meeting:

All members of the Committee that are not financially literate will work towards becoming financially literate to obtain a working familiarity with basic finance and accounting practices. For the purposes of the Audit Committee Charter, the term “financially literate” means the ability to read and understand a set of financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of the issues that can reasonably be expected to be raised by the Company’s financial statements.

The members of the Committee shall be appointed by the Board of Directors at its first meeting following the annual shareholders’ meeting. Unless a Chair is elected by the full Board of Directors, the members of the Committee may designate a Chair by a majority vote of the full Committee membership. The Chair shall be financially literate.

**Meetings**

A member may participate in a meeting of the Committee by a communications medium other than telephone if all members participating in the meeting, whether in person or by
